

SWEET TO RESENT 'INSULT' WILL AID ANDERSON'S FOES

Defiant Message of "Boss" In-
sures Full Inquiry Into Anti-
Saloon League.

ALBANY, March 4.—The defiant message of William H. Anderson to Speaker Sweet in which he practically "dared" the Assembly to go on with its proposed inquiry into the Anti-Saloon League, beyond limits set by himself, has ended all efforts to block the inquiry.

The only question now to be decided is whether the activities of other lobbyists shall be included in the investigation. It will be taken up by the Judiciary committee as soon as the Speaker's case is disposed of next week.

Senator James J. Walker, minority leader, to-day introduced a bill in the State Senate defining beverages containing 2.75 per cent alcohol and under as non-intoxicating.

The measure is similar to the Walker 3 per cent beer of last year. It is understood that there will be no opposition to the measure by party action.

The regulation of the traffic is placed, by the bill, under the jurisdiction of the State Excise Commissioner. Wholesale sales of the beverage would be permitted for home consumption by individuals up to five gallons. The price of licenses, when the beverage may be drunk on the premises is fixed at \$100, and for planitaries to sell liquors upon prescription, at \$10.

Wet leaders assert that during the entire Prohibition campaign in the United States the Anti-Saloon League has successfully evaded any inquiry into the source of its funds, the disposition thereof or the character of the persons who contributed. Speaker Sweet, whom Anderson has been attacking for several years on the score that he is no longer in his support of Prohibition, conferred late yesterday with Assemblyman Cuvillier. Subsequently it was announced that the Speaker, who heretofore has been lukewarm, felt it would be advisable to bring Anderson and the books of his league before the Judiciary Committee and ascertain whether he has violated those provisions of the law which require reports of money expended.

Sweet, it was explained, does not favor a thoroughgoing inquiry which would go into the national activities of the league. The wet, however, predicted to-day that before the Judiciary Committee puts the league on the rack, within a week or so, Sweet will be the strongest advocate of a comprehensive investigation.

SENATE CHANGES ONE RESERVATION

First Alteration Made in Striking
"China" and "Japan" From
Shantung Clause.

WASHINGTON, March 4.—Making its first change in the Republican reservation to the peace treaty which was adopted last November, the Senate voted to-day on motion of Senator Lodge of Massachusetts, the Republican leader, to strike from the Shantung reservation all direct reference to Japan and China.

The change, worked out in the recent bi-partisan conference, had the approval of Democratic leaders and accepted, 69 to 2, Senators Reed, Democrat, Missouri, and Sutherland, Republican, West Virginia, voting against it.

As amended the reservation reads: "The United States withholds its assent to Articles 156, 157 and 158 (relating to Shantung), and reserves full liberty of action with respect to any controversy which may arise under said articles."

NO LEAGUE PLEDGE TO IRISH

TORONTO, Ont., March 4.—The Toronto Star to-day published a reply from Senator Hiltchcock to a cable from its Dublin correspondent which said it was understood that Sir Horace Plunkett had received "the firm promise" that the United States would withdraw the reservation regarding the voting power of British dominions in the League of Nations and would enter the league if Ireland were given home rule on a dominion basis.

Senator Hiltchcock was quoted as saying: "With regard to the Irish question, a basic satisfactory to the Irish people and such a government would improve relations between Great Britain and the United States. It might even remove some opposition to the league and facilitate ratification if the reform could come now. Nevertheless, the report that the United States has made any such conditions as named in your telegram is obviously not true and could not be."

SWEDEN FOR LEAGUE.

STOCKHOLM, March 4.—The riksdag has approved Sweden's accession to the League of Nations. The vote was 162 to 67.

TO FIGHT WILL OF RECLUSE.

The will of the late Samuel E. Hansen, known for years as the "Recluse of the Heights," in Brooklyn, will be contested by Robert Stuart, a distant cousin, who filed notice to-day in the Brooklyn Surrogate's Court. The estate is estimated at close to \$1,000,000. Hansen died in his home, No. 138 Hansen Street, Brooklyn, Jan. 16 last. He had lived alone since 1912, when his wife and daughters were burned to death.

TRAIN WRECK LAID TO DEAD ENGINEER; FOUR LIVES LOST

Man Who Ran Past Signals
Said to Have Been Stricken
Before Crash.

William S. Sell, engineer of a Jersey Central express train, who was killed when it smashed into a Newark, Elizabeth local train near the Singer Manufacturing Company's plant at Elizabethport last evening, with the loss of three other lives and injuries to twenty persons, was seen hanging across the window of his cab, as though unconscious, a moment before the accident, according to the investigation being made to-day. Railroad men who offered the information said they believed he had been struck while watching ahead from the cab window or had been taken ill.

The train ran at fifty miles an hour, past a "dead stop" signal, into the collision. The railroad company says "the cause of the wreck was a disregard of a positive signal." An autopsy is to be performed to-day to learn what was the physical condition of Sell.

Russell W. Schwartz, the fireman, whose leg was broken and who was stunned, became conscious to-day. He could give no information as to the cause of the wreck.

The dead:
HAIN, HERMAN, Dunellen, engineer of the Newark local.
BROGLEY, J. J., Dunellen, fireman of the Newark local.

WILLIAM S., Hampton Junction, engineer of the express.
SCOTT, JAMES, Red Bank, body found to-day under the wrecked engine of the express.

The four passenger cars which make up the local and the tender of the engine had safely crossed the main line tracks when the flyer hit the locomotive, which exploded instantly, killing the engineer and fireman.

The express continued up the track for 500 feet before the boiler on its engine also exploded, the engine turning over and pulling the first car over with it.

The fact that the cars were of steel undoubtedly saved many lives. The express, consisting of ten passenger cars, was crowded.

NO MORE DISMISSALS IN NEWBERRY CASE

Judge Holds There Is Evidence to
Warrant Guilty Verdict if
Jury Sees Fit.

GRAND RAPIDS, Mich., March 4.—Overruling motions for further dismissal in the Newberry election conspiracy case, Judge Sessions to-day held that conviction or acquittal of Truman H. Newberry would not necessarily mean a like outcome as to the other eighty-four men on trial with the United States Senator.

The court held that the prosecution had made out a prima facie case and that there was ample evidence "to warrant a verdict of guilty if the jury sees fit to render one."

First testimony for the defense was heard this afternoon.

Valuable Bronze Works Stolen.

William H. Bradley, chief engineer of the Consolidated Gas Company and a collector of art objects, informed the police to-day that a collection of bronzes worth thousands of dollars had been stolen from the parlor of his home yesterday while the members of the family were upstairs.

Favors Harke Canal Bonds.

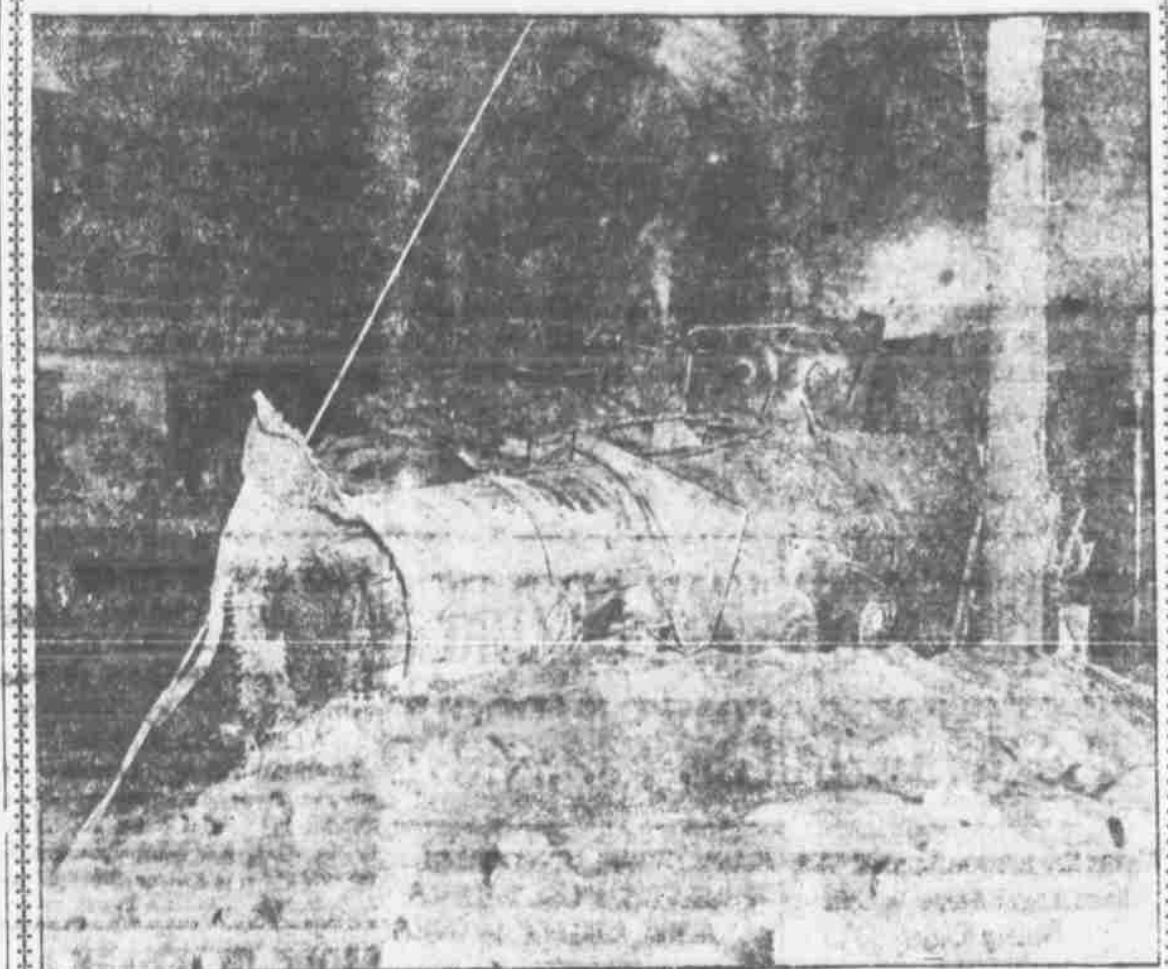

The Chamber of Commerce at its monthly meeting to-day adopted a committee report in favor of the proposed bond issue for the completion of the Harke canal.

290,000,000 "DRINKS" SHIPPED FROM THIS PORT IN JANUARY

3,384,265 Gallons of Spirits, 390,012 of Malt and 97,932 of Wines, Official Record.

DEMON RUM, John Barclay, corn and other alcoholic concoctions in sufficient quantities to make 290,000,000 average "drinks" were exported from New York during January.

This is shown by the export statistics of the port made public to-day, which include 3,384,265 gallons of spirits with a value of \$4,694,858. During January of 1919 there were exported 14,606 gallons of liquors, valued at \$65,117.

In addition to spirits there were exported during January this year 390,012 gallons of malt and 97,932 gallons of wines.

BLIZZARD SWEEPING ON TOWARD EAST

Towns in Mountain and Plain
States Isolated and All Wires
Are Down.

CHICAGO, March 4.—The worst storm of the winter to-day swept eastward from the mountain and plains States, where yesterday it reached blizzard proportions. A number of towns in Colorado, Nebraska and South Dakota are isolated and rail and wire communication in Kansas, Oklahoma, Missouri, Iowa, Arkansas, North Texas and Minnesota are seriously crippled.

The disturbance will spread rapidly East and South to-day and to-night, according to Weather Bureau forecasts, carrying sharply reduced temperatures with snow and rain.

In the La Plata mining district in Colorado, where snow was reported twelve to twenty feet deep, a repetition of the serious floods of nine years ago

FUN FOR WOMEN TO DYE CLOTHES

"Diamond Dyes" Turn Faded,
Old Apparel into New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric, whether it be wool, silk, linen, cotton or mixed goods—dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings.

The Direction Book with each package tells so plainly how to diamond dye over any color that you can not make a mistake.

To match any material, have druggist show you "Diamond Dye" Color Card.—Advt.

BOY PUPIL SHOTS TEACHER

CINCINNATI, March 4.—Angered because his teacher, Beatrice C. Conner, had sent him to the Principal of the Douglas School for punishment, Lawrence Angel, fourteen years old, today arose in his seat in the school room, and shot the teacher through the arm.

The charm of the bedroom lies in its atmosphere of comfort and good taste. The distinctive beauty of

Hall Beds

invites repose, and meaning brings a buoyancy of spirits that follows sound and restful slumber.
